Details

Application Features: Mid-level, specification grade fluorescent fixture. Lighting distribution and energy efficiency makes this luminaire ideal as an HID substitute. For use in indoor applications where high efficiency, high performance and ease of installation are required. Suitable for surface or suspended mounting individually or in continuous rows.

Construction: Die and brake formed, 20 ga. cold rolled steel housing.

Finish: Powder painted white

Electrical: Integral Driver.

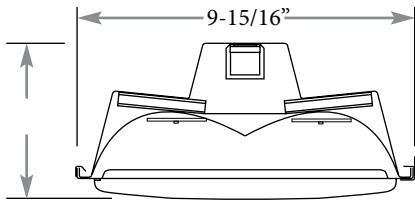

Approvals: Union made, UL listed, and manufactured in the US.

Options: Emergency Pack, Dimming. Anodized Aluminum also available.

Optics: Standard reflectors are made of specular anodized aluminum with a reflectivity of 95%. White cross blade baffles.

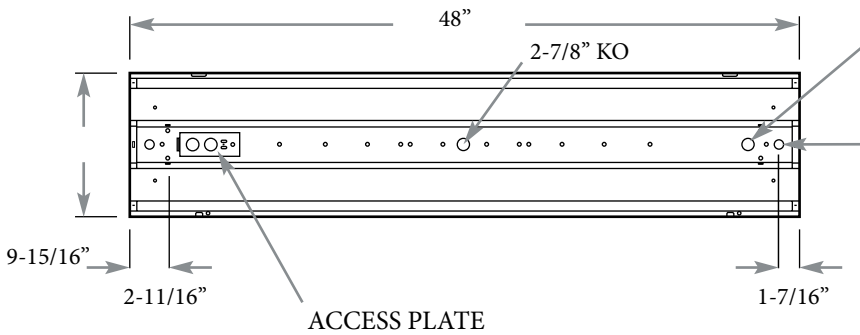

Mounting: Knock out is provided for single stem mounting (3/4" rigid pipe). Optional stem and canopy sets are available in multiples of six inches. Optional dual hooks and mounting channel assembly, to be used wherever uniform fixture alignment within rows is critical. Ideal for new installations. Provision for chain mounting included.

HI-BAY HANGERS AVAILABLE
