Details

Application Features: Premium grade, recessed, high performance direct/indirect architectural luminaire with two outer and one center frosted acrylic lenses. For use in indoor applications where a T8, T5, T5HO or Biax luminaire with soft, low-glare illumination and modern styling is required. Available in 1x4, 2x2 and 2x4 configurations. Shallow design accommodates mounting in obstructed ceiling plenums.

Construction: Die formed 20 ga. steel housing with precision formed, cold rolled steel arched reflector and frosted acrylic lenses. Lift and Shift design for easy installation and re-lamping. Sufficient knock-outs provided on back of housing for flexible conduit attachment.

Finish: Powder painted matte white.

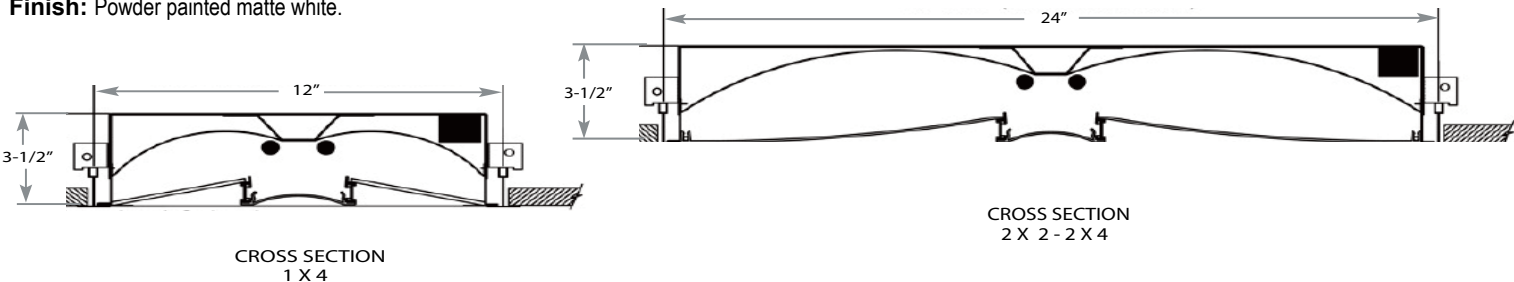

Electrical: Electronic ballasts are class P; thermally protected.

Approvals: Union made, UL listed, and manufactured in the US.

Mounting: Recessed mounting for T-Bar, Slot Grid or with Flange Kit for sheetrock installations.

Optics: Arched reflector and two outer and one center frosted acrylic lenses .

Options: Emergency Battery Backup, Dimming Ballast, Separate Circuit, Opal White Acrylic Lenses, Air Supply/Return Slots, 6' Whips.
