MAGNETO Track System

MAGNETO is an innovative and dynamic track system designed for ease and flexibility. Featuring snap-in magnetic mounting that allows you to rearrange several different modules. Fully customizable to suit your specific needs.
Linear low voltage configurable track system with the flexibility of magnetically mounted modules for ease of on-site adjustability and install. Configure in patterns or runs to meet design requirements. Complete with optional indirect lighting when suspended. Surface mount available.

**FEATURES**
- Two Circuits to Power Magneto Modules
- Optional Additional Uplight Circuit
- CRI 90+ Standard; R9>50
- Available In Made To Measure Lengths Accurate Up To 1/16" 90° Corners and Patterns Available (See Page 2)
- Track Circuits Are Dimmable To 1% With 0-10V Controls. Uplight Is 10% Standard

**APPLICATIONS**
Commercial Interiors, Galleries, Retail, Museums, Reception Areas, Hotels, Restaurants
