

LSR Curve recessed

The LS Series of architectural luminaires offers a wide range of profiles and mounting options. Custom lengths and patterns are tailored to suit any modern space.

Features

- Extruded recycled aluminum housing
- 17.5" radius, 135° and 90° angles + straight sections
- Configured patterns and finishes available
- Specifiable color temperature. CRI > 90, R9 >50
- 5 Year, 50,000 hour warranty
- WELL Building Standard compatible [learn more](#)

Dimensions

Optics

Representative distribution and peak candela. For other options see order information or IES files [here](#).

				<small>Consult factory for other options.</small>			

Performance

Output (uplight) ¹	Watts/ft	Lumens/ft
Low	5	355
Medium	7	475
High	10	641

Based on a typically configured 90 CRI, 3500K luminaire using one driver²

¹Custom outputs available. Please consult factory.
²For 4000k, multiply by 1.05; for 3000k, 0.96; for 2700k, 0.92.

LSR Curve recessed

Drivers & Electrical

Integral drivers¹ with 0-10V Dimming standard. Several other driver options available; see ordering information.

¹All DMX drivers are provided in remote enclosures.

Sensors & Controls

Sensors are installed on an aluminum plate adjacent to the luminaire lens¹. Coronet remains agnostic in our approach to sensors and control systems; our fixtures are compatible with most systems offered.

¹Not applicable to indirect only models. Consult factory.

Emergency Back-Up

For fixtures three-feet or longer, a 4W integral emergency driver may be wired to 4ft sections. 7W, 10W, and 12W drivers are also available (not all integral; consult factory). Emergency circuits for use with building generators are also available.

PoE (Power over Ethernet)

Compatible with virtually all PoE systems including Moxel Coresync, Igor, Smartengine, Platformatics, and NuLED SPICEbox. Consult Factory for systems not listed. See [here](#) for more info.

Finishes

All luminaires are finished in high quality polyester powder coating. Our standard color is white. Any RAL color may be specified.

Weight

3 lbs per foot

Optics

Extruded satin acrylic lenses provide excellent diffusion, high transmission, and no LED imaging.

Construction

Housings are extruded premium, recycled aluminum. Individual fixtures are available up to 12' long and may be specified as nominal or precision lengths. Precision lengths are supplied within 1/8" tolerance.

Joined Runs

Runs of any length may be specified and are comprised of multiple, factory-engineered, joined sections. Individually specified luminaires are not field joinable.

Representative joinery. For product specific details see installation guides or submittal drawings.

LSR Curve recessed

Mounting Options

Custom mounting types and ceiling transitions available; consult factory.
